GLOBAL MEASURES FOR YOUR SAFETY Now that we can start to travel again, it is more important than ever for us to be able to do so safely with peace of mind. At Original Beer Spa we want you to be able to keep enjoying and having unforgettable experiences. In response to this, we and a team of experts have reviewed our existing health and safety processes and developed a new safety protocols. One of our highest priorities is the health, safety, and security of our guests, team members, and business partners. We have implemented a series of measures, approved by safety experts, in all our beer spas. This in-depth cleanliness and disinfection protocol was created to ensure your safety and peace of mind during your visit.

WHAT ARE THE NEW 12 PROTOCOLS? A new 12-step protocol for our Original Beer Spa concept is currently being introduced to our spas. New cleaning and disinfection procedures, increased attention to safety in all spaces, protective equipment, and updated training for team members are included in the new protocols. These protocols describe specific processes and measures that are designed to make you feel confident when you visit Original Beer Spa.
